About **KEDARKANTHA TREK**

Kedarkantha is one of the most popular winter treks of India. It's a easy to moderate level trek which attracts visitors for its amazing snow-clad landscapes and a tall summit (12,500 ft), which offers majestic panoramic views from its top.

Kedarkantha trek passes through dense pine woods and trekkers even enjoy lakeside camping at Juda Ka Tal campsite, which remains frozen during the winter months. Perfect coniferous jungle trails, plain meadows and summit point - all in one trek. While you won't find these many features of landscapes in any other trek, Kedarkantha will definitely give you an exposure to each of these.

Those who love snow and mountains, this trek is undoubtedly the best choice for them.
